Susan,
We are merging your document with one that Monica is working on. The final (merged) document will be given to David in the morning.
Thanks for your assistance on this.

Subject: Important - Information for David
Hi – I took a stab at the info I thought David would need to talk with Sam in prep for Sam’s call with TCEQ. See what you think of the attached and please let me know if you have comments/corrections/additions. I spoke with Lisa and I am really fuzzy on the agreement on the transition report... so I really need your help there. I’d like to give a draft to David later today – by 6 if possible, understanding that we may have additional information in the morning or discussed at the 8:30. Thanks!!!
